

Red Mountain

Date

Sun, 01/23/2022 - 12:45

Activity

Skiing

Not sure if these have been reported yet. 2 large avalanches on the east face of Red Mountain spotted from the top of Ernest Miller Ridge that looked pretty old (a few weeks or longer?) Also, most slopes around Bacon Rind/Ernie Miller had a new layer of surface hoar on top.

Region

Southern Madison

Location (from list)

Red Mountain

Observer Name

Jacob Zimmerer
