

Dozens of avalanches on and around Cedar mtn

Date

Mon, 01/22/2024 - 05:35

Noted over a dozen avalanches in the last several days around Buck Ridge, the Sphinx and Cedar mtn. Primarily near ridge lines, but also at lower and mid elevations. The most notable slides being the East face of the Sphinx (1/21) and NE basin off of Cedar. Photo of cedar crown.

Region

Northern Madison

Location (from list)

Cedar Mtn.
