

# Natural Avalanche in Beehive Basin

Beehive Basin  
Northern Madison  
3/2/2024  
Code  
NC-R2-D2-I  
Aspect  
E  
Latitude  
45.34070  
Longitude  
-111.39100  
Notes

From obs: "Noticed the pictured recent avalanche on an east facing [aspect](#) in the alpine of Beehive Basin. I would estimate it at a D2 size [slide](#). It seems to have been naturally triggered by [cornice](#) fall and likely stepped down to older [faceted snow](#) deeper in the snowpack."
