

Natural Avalanche on the Fin

Date

Tue, 12/17/2024 - 12:00

Activity

Skiing

The clouds broke briefly around noon today in Cooke City. It looks like the Fin slide naturally in the past day or so. It looks like two sections of the face slid, one from the top, and one lower and to the right in the photo.

Region

Cooke City

Location (from list)

Republic Mountain

Observer Name

Noah Mattes
